vs.

DYNAMIC MEASUREMENT GROUP, INC.,

Plaintiff and Counter-Defendant Dynamic Measurement Group, Inc.; Counter-Defendants Dr. Ruth Kaminski and Dr. Roland Good; Defendant and Counter-Claimant University of Oregon; Defendants Mia Tuan, Edward Kame’enui, Francis J. Fien IV, and Brad Shelton; and Defendant Hop Skip Technologies Inc. (collectively, the “Parties”) hereby submit the following statement in follow-up to their Joint Status Report dated April 30, 2018 (Docket 212).

The parties have continued to negotiate and confer in good faith regarding a settlement and are very close to reaching a negotiated settlement. At this juncture, most of the substantive issues between Plaintiff and Defendants have been worked out, but there remain a very small number of issues among Plaintiff Dynamic Measurement Group (“DMG”) and its licensees, Amplify Education, Inc. (“Amplify”) and Cambium Education Group (“Cambium”), which are necessary for the overall settlement agreement. DMG and Amplify have been in particularly intense negotiations over the last few weeks and progress is being made in addressing these last remaining issues.

Due to the confidential nature of the parties' ongoing negotiations, the parties respectfully request that the Court order a telephonic status conference in early June with Judge Simon.

DATED this 21st day of May, 2018.
